Dear ATLA Colleague:

With recent events that have occurred in Texas, you may be looking to file cases in Oklahoma. I wanted to take an opportunity to introduce our law firm.

I am President Pro Tempore Emeritus of the Oklahoma State Senate. I am in my 25th year as a member of the Legislature. For eight (8) years I was President Pro Tempore of the Oklahoma State Senate, which is the leader of the Senate. I have been involved in cases throughout Oklahoma and have the largest jury verdict in history in Rogers County, which was a \$10 Million personal injury verdict in a trucking accident.

Our firm also has been active in class actions, successfully settling several class actions in different counties in Oklahoma in the past few years.

We also have former Federal Judge Michael Burrage as of counsel to our firm. Judge Burrage recently left the federal bench where he was Chief Judge in the Eastern District and was also assigned to the Northern District in addition to having sat in the Western District.

We have offices in Metropolitan Tulsa, Oklahoma City, and Durant, which is located just north of Sherman, Texas. We would be pleased to assist you in any cases you may want to file in Oklahoma. Please feel free to contact me or my law partner, Sean Burrage, at your convenience if you have cases that fit that category.

Sincerely yours,

Stratton Taylor
